

**Test Schedule: 2009-2010 Academic Year**  
 Fall Testing Window: **Dec. 1, 2009 – Jan. 22, 2010 \***  
 Spring Testing Window: **April 5 – June 4, 2010**  
 \* Limited technical support available between Dec. 24<sup>th</sup> and Jan 3<sup>rd</sup>.

**SCHOOL IDENTIFYING INFORMATION**

School Name:	
Street Address:	
City/State/Zip:	
Main Telephone:	
School Administrator Name:	
Administrator's Title:	

I certify that I have read and agree to adhere to the NA3SA Testing Policies. I also certify that I am authorized by this school to order tests and to designate the indicated individual on this form as the school's NA3SA Site Administrator.

Periodically, the administrator of the NA3SA test delivery system, or any of the supporting partners (AYES, NATEF, SkillsUSA), may have the need to communicate program information with this school either by mail or electronically. By submitting this order, I agree to receive such correspondence.

**SITE ADMINISTRATOR**

Each school must designate an individual to serve as the school's Site Administrator. The Site Administrator may be an instructor or other staff person who will serve as the NA3SA system coordinator for the school. For more information, please see Explanation of Roles and Responsibilities in the User's Manual available on the [www.NA3SA.com](http://www.NA3SA.com) website.

Name:	
Title:	
E-mail Address:	
Telephone:	
FAX:	

I hereby acknowledge that I have read and agree to adhere to the NA3SA Testing Policies. I further agree to act as the Site Administrator for this school, and to serve in good faith as an NA3SA testing partner to ensure all users comply with the NA3SA testing policies.

## TESTING POLICIES FOR THE NATIONAL AUTOMOTIVE STUDENT SKILLS STANDARDS ASSESSMENT

The Automotive Youth Educational Systems (AYES), the National Automotive Technicians Education Foundation (NATEF) and SkillsUSA have partnered to offer the National Automotive Student Skills Standards Assessment (NA3SA) tests for use by schools to evaluate students nearing completion of their automotive studies. The NA3SA tests are developed and delivered by the National Institute for Automotive Service Excellence (ASE).

For the NA3SA Tests to effectively measure the student's knowledge, they must be uniformly and securely administered. Therefore, both the instructors who schedule the tests and the proctors who administer them must strictly follow all program procedures.

**Testing Dates and Times** – The NA3SA Tests may be administered during the published testing windows only. During the testing window, tests can be scheduled for any time of the day that a proctor is available for supervision.

**Testing Environment** – The NA3SA Tests may be offered on any computer that meets the minimum technical and security requirements. The computer must be located in a computer lab or other appropriate testing location that provides for monitoring by the proctor, reasonable shielding from others, freedom from distractions, and comfort for the examinee.

**Proctors** – The proctor may be a school administrative staff member or current or retired faculty member, but may not be a faculty member currently teaching motor vehicle technology. Students may not be proctors.

**Proctor's Responsibility** – The proctor is responsible for verifying the student's identity, enabling the computer-based test for the student, and providing general oversight of the student during the testing session. This includes ensuring that there is no cheating of any kind, including giving or receiving help, using books or notes, etc.

**Accommodations** - Students with special needs (i.e. students with Individual Education Plans) may receive reasonable accommodations for their special needs provided that those accommodations do not compromise test integrity.

**Retests** – Retests for completed NA3SA tests are not allowed during the same testing window. Students who are unsuccessful in achieving a passing grade, or those who wish to improve their score, may not reattempt the same exam until a later testing window.

**Instructor Level Access** – Instructors are given unique password access to the testing platform for registering students and monitoring their progress. Instructors may **not** share their access information with students and must take reasonable precautions to safeguard their password at all times. Instructors are not allowed to view the tests at any time.

**Cancellation of Scores** – ASE reserves the right to cancel any test score and/or bar participation in the NA3SA testing program if ASE has reason to question the validity of a test score. Misconduct at the testing session, multiple test attempts by one student in a test window, and prior access by instructors to test forms can all compromise test validity.

**Good And Reasonable Effort** – ASE considers each school participating in the NA3SA tests to be an active partner in the test delivery process. As such, ASE expects all school staff involved in the testing program to exercise good and reasonable effort to maintain the integrity of the testing program.

**User Name** – All non-student users must use a valid email address as their NA3SA user name.

## ORDER FORM

### Test Schedule: 2009-2010 Academic Year

Fall Testing Window: **Dec. 1, 2009 – Jan. 22, 2010 \***

Spring Testing Window: **April 5 – June 4, 2010**

\* Limited technical support available between Dec. 24<sup>th</sup> and Jan 3<sup>rd</sup>.

**New For 2010** – Two new tests are scheduled to debut as part of the M/H Truck test series in the spring 2010: Diesel Engines and Electrical/Electronic Systems.

**New Pricing!** – \$15 per student per academic year. The fee allows for a single attempt at any or all tests in a series. For example, within a given year (fall and spring administrations) a student in an auto repair program may attempt all eight exams in that series, or any subset of these, for the single \$15 fee. Students may **not** attempt the same test twice during the same testing window.

**System Requirements** – Internet access with Internet Explorer 6 or higher; pop-ups allowed; screen resolution 1024x768 or higher. Acrobat Reader 7 or higher is required to view reports. The school's email server must allow all non-student users to receive email communications from [webmaster@natef.org](mailto:webmaster@natef.org).

There must be sufficient computers with Internet access at the school to allow for all students to test within the testing window (Example: You have 20 students and only five computers – you would need to schedule four sessions, each with five students).

**Test Results** – Most tests are scored instantly and the results can be viewed online by the students and their instructors. New tests being offered for the first time will be scored at the close of the testing window. Score results for new tests will be posted approximately 10 days following the testing window.
